

HAVE YOUR SAY ON PROPOSALS TO TRANSFORM THE CITY CENTRE

Winchester City Council would like to share their plans for bringing the vision for central Winchester regeneration into reality. We will bring high quality new homes, vibrant workspaces, an improved

night-time economy with new leisure attractions, and beautiful public spaces that people will want to spend time in. Our proposals blend three main elements – places for people to live, to work and to play.

LIVE

We will create housing suitable for a range of people, including young people and families, with a mix of private and affordable housing, new homes for key workers and homes for rent.

WORK

We will create flexible workspaces for ambitious creative individuals and companies that do not currently exist.

PLAY

We want to create spaces to bring the city's heritage and creativity to life in the heart of the city centre. We will embrace the desire for a new night-time economy.

MOVEMENT

The site has been designed with people, not vehicles, as a priority. There will be a network of streets to allow enjoyable easy access throughout the site.

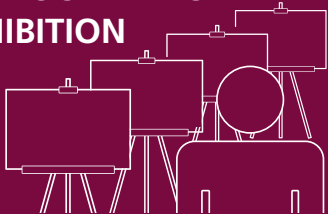

PUBLIC REALM

We will create intimate, quieter spaces as well as more vibrant, brighter and active areas for public performance and places to eat.

WE WOULD LOVE TO HEAR YOUR FEEDBACK ON OUR PROPOSALS THERE ARE LOTS OF WAYS TO VIEW THE PROPOSALS AND GET INVOLVED!
