

## We can all Help the Environment

Cleaning sprays are 90% water in single use plastic.

Clean the back of your fridge. Dusty coils can increase energy being used by 30%

You can buy non-toxic cleaning tablets . Drop into water, shake and start cleaning!

Dishwasher tablets can be purchased that are not individually wrapped.

Your old metal can make you money. Save it up and sell it. Aluminium cans (inc. soft drink cans) are worth up to 50p per kg.

Did You Know

Laundry detergent can be bought in sheets, pop one in your washing machine. Job done, no plastic!

Cut out junk mail by removing your name from the mailing lists wherever possible.

Most uncooked food (inc. coffee grounds and eggshells) and garden waste can go on a compost heap in a small corner of your garden. Leave it a while and dig in around your garden.

## Greening for Durley - our own G20 summit

With the G20 Summit taking place now is a good time to act, to try and make small changes to lower our CO2 emissions and lower our bills. To start changing the way that we live and to help make sure there is a future for our children and for our planet. This is no longer something that we can ignore.

There are lots of exciting ways we can all get involved, from changing to more environmentally friendly forms of transport or maybe to something simpler like turning the lights off when we are not in the room.

Over the next few months Durley Parish Council will be introducing some fun challenge's for the entire village to be part of from the comfort of your own home. Some of you will already be doing some of the things that we will suggest and other things you may not have thought of.

Durley parish council would like say a huge thankyou to all of those of you who took part in our litter pick week which was a big success and we would like to make this a 6 monthly event. We will be publishing the date of our next one soon, hopefully you will be able to join us in making our village litter free and maybe enjoying a cheeky drink afterwards - I'm sure that it will be thirsty work!

Kirsty Rutherford
